ABOUT MPI

澳

門理工學院成立於1991年9月16日。是一所公立、多學科、應用型的高等學府。學院以“普專兼擅，中西融通”為校訓，以“教學與科研並重”為方針，以“小而美、小而精、出精品”為方向，以“紮根澳門，背靠祖國，面向世界，爭創一流”為理念，以“教學標準國際化、科研工作規範化、校園設施電子化、行政工作法治化”為治校標準。現有教學、科研人員約240人，其中博士學位擁有者約佔60%，專業培訓人員約60人。在校學位課程學生3,000多人，非學位培訓課程學生每年10,000多人次。

澳門理工學院下設六所學校，包括語言暨翻譯高等學校、管理科學高等學校、公共行政高等學校、體育暨運動高等學校、藝術高等學校、高等衛生學校，分別開設學士學位課程共19個，並與海內外著名大學合辦多個碩士及博士學位課程。這些課程均以實用為導向，以應用學科和行業技術為教學內容，教授知識與培養技能並舉，部分課程已與世界知名大學的課程接軌。迄今已培養數以萬計的專業人才，畢業生以自身所學在相關行業中發揮著不可或缺的作用，深受用人單位好評。

除了學位課程外，學院還兼負研究和培訓兩大任務。研究單位包括社會經濟與公共政策研究所、中西文化研究所、“一國兩制”研究中心、澳門語言文化研究中心、理工—倫敦大學瑪麗皇后學院資訊系統研究中心、葡語教學暨研究中心、博彩教學暨研究中心等。培訓單位包括成人教育及特別計劃中心、理工—貝爾英語中心（內設澳門唯一的“雅思”、“博思”英語測試中心）、長者書院等。

為遵循特區政府“推動評鑑”的高教政策，澳門理工學院致力於開展評鑑工作，藉此不斷提升治校及教學素質。2014年2月，英國高等教育質量保證局（QAA）在網頁上向全球公佈：學院以信心評級通過該局的院校評鑑。這是澳門首間高等學府通過國際認可的院校評鑑。該局對學院的學術水準、學生學習質量、教育資訊和持續改善教學質量表示滿意，證明學院辦校水平達到國際標準。

參加國際評鑑是學院自我完善的重要途徑，最終目的還是不斷追求卓越，進一步提升教研素質，保證質量，以真正達到澳門理工學院貫徹始終的“本土教育，服務澳門”的大原則，為澳門提供更優質的高等教育，為澳門培育更多人才，為澳門的社會、經濟和文化發展做出貢獻。

Established on 16 September 1991, Macao Polytechnic Institute (MPI) is a public institution of higher education with an emphasis on applied knowledge and skills. MPI's motto is "knowledge, expertise and global vision", and the Institute strives to achieve international standards in teaching and learning, building an e-campus, ensuring administrative compliance with the law and sound research management. Small in size and compact in structure, MPI adopts the strategy of "dual emphasis on teaching and research", with a commitment to remain "rooted in Macao and backed up by the motherland while facing the world and striving for excellence". Currently there are approximately 240 academic staff (of which around 60% possess a doctoral degree) and 60 professional trainers, together serving a population of approximately 3,000 full-time students on degree programmes and 10,000 students on non-degree training courses.

In MPI there are six Schools, namely, Languages and Translation, Business, Public Administration, Physical Education and Sports, Arts and Health Sciences, providing 19 bachelor degree programmes in various disciplines, and several joint master and doctoral degree programmes in cooperation with several leading universities at home and abroad. These programmes are all practically oriented, emphasising both the acquisition of knowledge and cultivation of skills. Since its establishment, MPI has produced tens of thousands of professionals who are now serving in a variety of industries, playing important roles in society by utilizing their professional knowledge and skills, and receiving positive feedback from their employers.

Apart from offering degree programmes, MPI is also devoted to its missions in research and training. Research specialisms are located in, amongst others, the Social, Economic and Public Policy Research Centre, the Centre of Sino-Western Cultural Studies, the "One Country, Two Systems" Research Centre, the Language and Culture

Research Centre of Macao, the MPI-QMUL Information Systems Research Centre, the Portuguese Language Teaching and Research Centre and the Gaming Teaching and Research Centre. Training courses are conducted primarily in the Centre of Continuing Education and Special Projects, the MPI-Bell Centre of English (which includes the only IELTS International English Training and Testing Centre and BULATS Business Language Testing Service in Macao) and the Seniors Academy.

In response to the SAR Government's higher education policy of promoting academic accreditation, MPI has been committed to seeking accreditation to improve management and teaching quality. In February 2014 the UK Quality Assurance Agency for Higher Education (QAA) announced on its website that MPI has received a judgement of "confidence", the highest rating given by the QAA. This is the first internationally recognised institutional review ever undertaken by a higher education institution in Macao. QAA has commended MPI's academic standards, quality of learning opportunities, information about learning opportunities, and enhancement of learning quality, thus demonstrating that MPI meets international standards.

With this important process MPI will continue to strive for excellence in accordance with its philosophy of high quality, student-centred education. Rooted in Macao while serving the society, MPI endeavours to grow into a continuously improving higher education institution of excellence in terms of management, teaching and research within a vibrant academic culture, with the aim of dedicating itself to the social, economic and cultural development of Macao.
